Dear Steven,

Thank you for your recent letter to myself informing me of your recent and continued achievements within the local community with your organised sports programmes.

I believe you have a brand new initiative to re-enforce your continued work, and this happens to fall on your 25<sup>th</sup> Anniversary of providing voluntary services to the youths of the community. 25 years is a great achievement and the volunteers and yourself must feel very proud to be associated with such a successful scheme.

I feel that your pro-active approach to tackling the difficult issues facing the youths of today is very important and also using sport to achieve this is a great way of keeping children off the streets, providing exercise and to give them something to look forward to. You never know, maybe there will be a young footballer in the making!

I do hope that your new initiative attracts many youths and I hope they all achieve different goals from this within the community.

All the very best and keep up the great work.

Kind regards,

Stuart Pearce
